Utilimaster Showcases Walk-In Van At Electric Utility Fleet Managers Conference

June 5, 2019

CHARLOTTE, Mich., June 5, 2019 /PRNewswire/ -- [Spartan Fleet Vehicles and Services](#) ("Spartan"), a business unit of [Spartan Motors, Inc.](#) (NASDAQ: SPAR), under its Utilimaster® brand, showcased its utility walk-in van, an industry standard for utility and service vehicles, at the Electric Utility Fleet Managers Conference (EUFMC) from June 2-5 in Williamsburg, Virginia.

The 14' Utilimaster walk-in-van, designed, engineered, and manufactured specifically for Spartan Motors' customer Hawaiian Electric Company, is built on a Ford F-59 commercial chassis with a Kubota gas generator, Team Fenex air delivery system, and upfitted with EZ Stak interior cabinetry. This particular specialty service truck will be used to maintain and service the underground electrical infrastructure in Honolulu, Hawaii.

"The walk-in van gave customers the opportunity to see the degree to which we enable our utility service clients with customized vehicle solutions, across geographies," said Chad Heminover, President, Spartan Fleet Vehicles and Services. "Working closely with our customers through our Work-Driven Design® process enables a better understanding of their drivers, technicians, and the mission, which helps them more efficiently tackle the job at hand."

Utilimaster's utility service walk-in van is the ultimate modern-day workshop on wheels, featuring auxiliary power, interior and exterior storage, warning and working lighting, and specialty equipment capabilities to accommodate third-party accessories. Made from lightweight aluminum, the van provides maximum versatility and interior design accents with a highly modular cargo area and multiple side and rear door configurations.

Utilimaster's dedicated utility service sales and engineering team was onsite at the EUFMC show to demonstrate the

latest advancements in utility service vehicles and educate visitors on Utilimaster products as well as the unique ways to enable the specialty service market. With more than 300 representatives and over 100 manufacturers and service providers, the EUFMC conference brings together over 70 companies across the U.S., Canada and the Caribbean.
