

Body Parts Manual

1981-2001 Utilivan

Read First: Top Tips on Using This Online Manual

Browse pages with Bookmarks (hyperlinks) or thumbnails

A **bookmark**, at the left of the screen, is a hyperlink to a page. From any page in this document, you can use bookmarks to jump to any section heading.

To jump to a topic by using its bookmark, point to the bookmark name, and when the arrow becomes a pointing hand, click on the name. If a triangle (or + sign) appears to the left of the bookmark, click the triangle (or + sign) to show or hide subordinate bookmarks.

Thumbnails are visual icons of the actual pages. After selecting the thumbnail view button (Acrobat Reader ver. 3.0) or tab (ver. 4.0), you can quickly browse for parts sections just by the “look” of the page. Click on the appropriate thumbnail to view that page.

Use the Zoom and Fit tools for magnification of page sections

Select the Zoom tool. (In ver. 4.0, when the Hand tool is selected, you can temporarily change to the Zoom tool by holding down the Ctrl key and the space bar at the same time.) Click and drag to draw a rectangle around the area you want to magnify.

To return to an overview, you can click on one of the following buttons:

- The Fit Page button scales the *entire* page to display within the main window.
- The Fit Width button scales the page *width* to display within the main window.

Use the Text tool for copying selected text into other applications

You can select text in a PDF document, copy it to the Clipboard, and paste it into another application. **By pasting parts descriptions and numbers into your email or parts form template, you can order parts much faster than through phoning or faxing.** To select text and copy it to the Clipboard:

1. Click the Text Selection tool.
2. Click and drag over the text you want to select. When you release the mouse button, the selected text stays highlighted.
3. Hold down the Ctrl key and press C on the keyboard to copy the selected text to the Clipboard.

Find parts or procedures with the Find tool

Use the Find tool to search for a fragment of a word, a complete word, or multiple words in the active document. To **find** a word (e.g., a part name):

1. Click the Find tool.
2. In the Find What text box, enter the text to be found and click Find. When the program finds the text, the Find dialog box closes and the page containing the text is displayed with the text highlighted.
3. To find the **next occurrence** of the word, press F3, press Ctrl + G, or reopen the Find dialog box and click Find Again.

Introduction

This manual lists parts for Utilimaster® Utilivan® PDV (Parcel Delivery Van) bodies built on cutaway chassis. It contains exploded-view drawings and parts lists to aid in ordering replacement parts for units built from 1981 to the major model change in 2001. **Parts information on Utilivans built after 2001 (as well as all Trademaster™ and Metromaster™ PDVs) are covered in a different manual.** This manual covers only those assemblies manufactured by or installed by Utilimaster® Corporation. Items such as chassis and drive train components or certain interior furnishings are covered by separate manufacturer-supplied information.

All information, specifications, and illustrations contained in this manual are based on the latest product information available at the time of publication. However, because of the Utilimaster policy of continual product improvement, Utilimaster reserves the right to amend the information in this document at any time without prior notice.

*NOTE: This information is generic. **Details in illustrations and part numbers may differ from those in your vehicle.** Because Utilimaster manufactures many customized vehicle bodies, this manual cannot list and illustrate every possible part in every vehicle. Nevertheless, the most common body options are described here. Use this information as a guideline where it applies.*

Decoding Part Numbers

Finding Part Numbers

This manual contains exploded-view drawings and parts lists for standard factory parts. The drawings illustrate the various parts and their general locations. The parts list accompanying a drawing describes each part and gives the corresponding Utilimaster part number. Some parts may appear on multiple drawings and lists.

Item Numbers

Drawings have item numbers identifying each part in the drawing:

- Item numbers lead with the section number (e.g., all 7.X numbers are Roof parts).
- The item numbers are listed numerically in the parts lists (e.g., 7.1, 7.2, 7.3) followed by the Utilimaster part number and part descriptions.
- The corresponding side of the vehicle (if applicable) is identified by a **RH** (Right Hand) or **LH** (Left Hand) suffix. (See the directional icon here and on the parts list pages.)
- A numerical suffix (e.g., 7.4.1) indicates a part variation, a component of the preceding part, or fasteners for the preceding part.
- Other item number suffixes might indicate vehicle height, width, or other information that specifies that part (e.g., 7.1-**FF** or 7.12-**T**).
- Parts that are not shown have the **X.NS** suffix.
- Assembly numbers (**X.Ref**) are listed only for Utilimaster parts representatives to cross-reference.

Part Number with a Suffix

A **part number with a suffix** might require you to include more information:

- The **Width** suffix (e.g., 12345678-**W**) is asking for the **body width**.
- The **Height** suffix is asking for the **body height**.
- The **Length** suffix needs the **length of the part** being replaced.
- An **Appendix** suffix requires cross-referencing the number with an appendix in the back of this manual. (See the Table of Contents.)
- A part number with a **Chart** suffix depends on various body options to accurately replace the part. Customer Service will consult your vehicle body options from your supplied Body Serial Number.

In some cases specific part numbers are replaced by a code.

- **Parts Guide** refers to the *Utilimaster Quick Reference Parts Guide*. (See the More Information section.)
- **BSNR** means the **Body Serial Number is Required**. (See the Utilimaster Body Serial Number section.)
- **DSNR** means the Roll-up **Door Serial Number is Required**. This number is stamped on a metal plate on the interior side of the door.

Our Customer Service Department will gladly help if you need assistance.

Part Descriptions

Two asterisks (**) in front of the part description indicates that this part number is not currently used in Utilimaster production. These parts may take longer to deliver or may be replaced (superseded) by a different part number.

*Illustration LA-5
Vehicle Identification Number*

*Illustration LA-10
Federal Certification Label*

*Illustration LA-20
Label on C-post*

Vehicle Identification Number (VIN)

The 17-digit chassis **Vehicle Identification Number (VIN)** is the legal identifier for this vehicle and is the number recorded in the license plate registration. The VIN appears on a small metal plate on the dash on the driver's side. You can read the VIN if you look through the windshield. The number is also recorded on the Federal Certification Label. (See Illustrations LA-5 and LA-10.)

Body (or Unit) Serial Number and Federal Certification Label

The 15-digit **Utilimaster Body (or Unit) Serial Number** is recorded on the **Federal Certification Label**. This label is a plastic decal (about 11" long and 2" high) that contains a variety of manufacturing information (including the VIN). This label is found on the C-post or door edge. (See Illustration LA-10 and LA-20.)

Work Order Numbers

A 7-digit **Work Order Number** appears below the Body Serial Number on the Federal Certification Label. This number (without the leading W) is also stamped (since 1999) on the left-hand base rail. On vehicles built before 1999, the Body Serial Number was stamped on the base rail. Either number can be used to identify the body if it is no longer mounted on the original chassis. (See Illustrations LA-10 and LA-30.)

Work Order Number*

Ordering Parts

How to Order

To order parts for this vehicle, gather the following information:

- **Model and year of vehicle** (200x-*Customer name*).
- **Chassis VIN or Utilimaster Body Number** (see page 8).
- **Complete shipping address.**
- **Preferred method of shipping.**
- **Complete description of all the parts necessary** (see parts lists).
- **Method of payment.**

NOTE: Customer Service prefers payment by Visa, MasterCard, Discover, or American Express credit cards. Purchase Orders from customers with established open accounts are also accepted.

Then contact Utilimaster Customer Service by using one of the following methods:

- **Email** your order to CustSvc@Utilimaster.com. (See Customizable Parts Order Form below.)
- **Fax** your order to **574-862-7637**.
- **Call 800-237-7806** (574-862-3219) and ask for the Parts Department.
- **Mail or express service** your order to the following address:

Utilimaster Corp.
Attn: Parts Department
65528 State Road 19
P.O. Box 585
Wakarusa, IN 46573-0585
U.S.A.

NOTE: When phoning Utilimaster, be aware that our 219 telephone area code changed to 574 in January 2002. The 800 numbers were unaffected.

Returns

To return parts for credit, call the Customer Service Department for prior authorization. All returns must be shipped prepaid freight. A restocking fee will be charged to all returns. Special-order parts are not returnable.

Customizable Parts Order Form

The **Parts Order Form** on the next page can be photocopied from this manual. Then one of the copies can be filled in with the relevant information and faxed or mailed to Utilimaster Customer Service.

You can also download a customizable form template file from the Utilimaster web site www.utilimaster.com. That template is similar to the form on the next page, but it has a header that you can customize with your name and address. Then, to order parts, you only have to enter the specific information about the vehicle—saving retyping the same address information repeatedly. After completing the form information, the file can be emailed as an attachment. That form can also be used for mailing or faxing.

Filing Warranty Claims

If a problem on the Utilimaster body is caused by a defect in materials or workmanship, it will be covered by our Limited Warranty. Chassis, engine, tires, and battery failures are covered by the individual manufacturers.

Claims must meet the requirements listed below. Failure to meet these requirements may result in a denied or delayed claim.

Complete a repair order with the following information:

- **Owner's and/or service facility's name.**
- **Service center representative's signature.**
- **Chassis VIN or Utilimaster Body Serial Number** (see page 8).
- **Date vehicle was repaired.**
- **Mileage at time of failure.**
- **Itemized description of the problem.**
 - Complaint**
 - Cause of failure** (if known)
 - Correction** (describe in detail)
- **Service center labor rate and total time of repair.**
- **Total claim amount, including cost of parts, labor, miscellaneous charges, and sales tax** (if applicable).
- **Your claim or repair order number.**

NOTE: The claim or repair order number is the number used to match Utilimaster payment with the work done. It will be noted on your payment.
- **Utilimaster authorization number** (for repairs costing over \$150 U.S.).

The claim can be mailed, faxed, emailed, or performed on-line on our web site (assuming all required information is included).

- Warranty claims should be **mailed** to:

Utilimaster
Attn: Warranty Department
65528 State Road 19
P.O. Box 585
Wakarusa, IN 46573-0585
U.S.A.

NOTE: When phoning Utilimaster, be aware that our 219 telephone area code changed to 574 in January 2002. The 800 numbers were unaffected.

- Alternately, you can **fax** your claim (if no photographs are involved) with the above information to **574-862-7637**. (The resolution of the received copies must be acceptable, or you will be asked to mail your hard copies.)
- Or you can **email** your claim with the above information to **Warranty@Utilimaster.com**. (You can download a customizable **Warranty Claim Form template** from the Utilimaster web site **www.utilimaster.com**. The template has a header that you can customize with your name and address. Then, to file a claim, you only have to enter the specific information about the vehicle—saving retyping the same address information repeatedly. After completing the form information, the file can be emailed as an attachment. This form can also be used for mailing or faxing.)

Other claim requirements:

- Any repairs **over \$150 U.S. or for structural warranty require prior authorization** from Utilimaster, and that number must appear on the repair order.
- Any claim that is not **legible and complete** will be returned for completion.
- **All paint claims** require pictures, estimates, and prior authorization.
- **Shipping damage claims** also require pictures, estimates, and prior authorization. The damage must also be noted on the Delivery Acceptance form. This form requires the signature of the carrier driver.
- **Sublet work** must have the sublet repair order attached to the service facility's repair order that is being submitted.
- Claims must be **submitted within 30 days** after the repair is completed.

If the return of a failed part is requested, contact a Utilimaster warranty representative for a return goods authorization (RGA). Please reference that number with the returned part and enclose a copy of the repair order. Shipping charges should be entered on the same repair order that is submitted for warranty payment. COD charges for a returned parts will not be accepted, and the part will be returned.

Claims are paid semimonthly. Utilimaster generally does not pay sales tax on claims. If you do not have our tax exemption number on file, please call 800-528-3454 or 574-862-4561 and ask for the accounting department to obtain the number.

Reporting Safety Defects (U.S. Only)

If you believe that your vehicle has a defect that could cause a crash, injury, or death, you should immediately inform the National Highway Traffic Safety Administration (NHTSA), in addition to notifying Utilimaster.

If NHTSA receives similar complaints, it may open an investigation, and if it finds that a safety defect exists in a group of vehicles, it may order a recall and remedy campaign. However, NHTSA cannot become involved in individual problems between you, your dealer, or Utilimaster.

To contact NHTSA, you may either call the Auto Safety Hotline toll-free at **1-800-424-9393**; in the Washington, D.C., area call **202-366-0123** or write to:

NHTSA
U.S. Department of Transportation
400 Seventh Street
Washington, DC 20590

You can also obtain other information about motor vehicle safety from the Hotline.

More Information

Utilimaster Quick Reference Parts Guide

Easily find commonly replaced parts for most Utilimaster vehicles in the *Utilimaster Quick Reference Parts Guide*. This illustrated document includes more part numbers for bumpers, door hardware, electrical components, mirrors, vents, mud flaps, roll-up door parts, and many other parts. It also includes sealants and repair kits.

Utilimaster Glossary of Terms

If you are not familiar with some of the terminology used in this manual, you can find many Utilimaster and industry associated terms and definitions in the *Utilimaster Glossary of Terms—Body Information Guide*.

Utilimaster Body Service Manual

Read about routine maintenance procedures, troubleshooting, proper adjustment methods, vehicle repair, aftermarket upgrades, and much more in the *Utilimaster Vehicles—Body Service Manual*.
