# Read First: Top Tips on Using This Online Manual

## Browse pages with Bookmarks (hyperlinks) or thumbnails

A **bookmark**, at the left of the screen, is a hyperlink to a page. From any page in this document, you can use bookmarks to jump to any section heading.

To jump to a topic by using its bookmark, point to the bookmark name, and when the arrow becomes a pointing hand, click on the name. If a triangle (or + sign) appears to the left of the bookmark, click the triangle (or + sign) to show or hide subordinate bookmarks.

**Thumbnails** are visual icons of the actual pages. After selecting the thumbnail view button (Acrobat Reader ver. 3.0) or tab (ver. 4.0/5.0; “Page” tab in 6.0), you can quickly browse for parts sections just by the “look” of the page. Click on the appropriate thumbnail to view that page.

## Use the Zoom and Fit tools for magnification of page sections

Select the Zoom tool. (In ver. 4.0 and later, when the Hand tool is selected, you can temporarily change to the Zoom tool by holding down the Ctrl key and the space bar at the same time.) Click and drag to draw a rectangle around the area you want to magnify.

To return to an overview, you can click on one of the following buttons:

- The Fit Page button scales the *entire* page to display within the main window.
- The Fit Width button scales the page *width* to display within the main window.

## Use the Text tool for copying selected text into other applications

You can select text in a PDF document, copy it to the Clipboard, and paste it into another application. **By pasting parts descriptions and numbers into your email or parts form template, you can order parts much faster than through phoning or faxing.** To select text and copy it to the Clipboard:

1. Click the Text Selection tool.
2. Click and drag over the text you want to select. When you release the mouse button, the selected text stays highlighted.
3. Hold down the Ctrl key and press C on the keyboard to copy the selected text to the Clipboard.

## Find parts or procedures with the Find tool

Use the Find tool to search for a fragment of a word, a complete word, or multiple words in the active document. To **find** a word (e.g., a part name):

1. Click the Find tool.
2. In the Find What text box, enter the text to be found and click Find. When the program finds the text, the Find dialog box closes and the page containing the text is displayed with the text highlighted.
3. To find the **next occurrence** of the word, press F3, press Ctrl + G, or reopen the Find dialog box and click Find Again.

# Introduction

This manual lists parts for Utilimaster® Truck Bodies and Utilivans® built beginning in 2001. It contains exploded-view drawings and parts lists to aid in ordering replacement parts. This manual covers only those assemblies manufactured by or installed by Utilimaster Corporation. Items such as chassis and drive train components or certain interior furnishings are covered by separate manufacturer-supplied information. For bodies built prior to 2001 see either the (1986–2001) *Truck Body—Body Parts Manual* or the *1981–2001 Utilivan Body Parts Manual*.

For the Metromaster®, Trademaster®, and Aeromaster® parts manuals, see our award-winning web site [www.utilimaster.com](http://www.utilimaster.com).

All information, specifications, and illustrations contained in this manual are based on the latest product information available at the time of publication. However, because of the Utilimaster policy of continual product improvement, Utilimaster reserves the right to amend the information in this document at any time without prior notice.

## Decoding Part Numbers

### Finding Part Numbers

This manual contains exploded-view drawings and parts lists for standard factory parts. The drawings illustrate the various parts and their general locations. The parts list accompanying a drawing describes each part and gives the corresponding Utilimaster part number. Some parts may appear on multiple drawings and lists.

### Item Numbers

Drawings have item numbers identifying each part in the drawing:

- Item numbers lead with the section number (e.g., all **7.X** numbers are Front Wall parts).
- The item numbers are listed numerically in the parts lists (e.g., **7.1**, **7.2**, **7.3**) followed by the Utilimaster part number and part descriptions.
- The corresponding side of the vehicle (if applicable) is identified by a **RH** (**Right Hand**) or **LH** (**Left Hand**) suffix. (See the directional icon here and on the parts list pages.)
- A numerical suffix (e.g., **1.2.1**) indicates a part variation, a component of the preceding part, or fasteners for the preceding part.
- Other item number suffixes might indicate vehicle height, width, or other information that specifies that part (e.g., **1.6-GM**).

- Parts that are not shown have the **X.NS** suffix.
- Assembly numbers (**X.Ref**) are listed only for Utilimaster parts representatives to cross-reference.

## Part Number with a Suffix

A **part number with a suffix** might require you to include more information:

- The **Width** suffix (e.g., 12345678-**W**) is asking for the **body width** (e.g., 90", 96", or 102").
- The **Height** suffix is asking for the **body height** (6'-0" to 9'-0").
- The **Length** suffix needs the **length of the part** being replaced.
- An **Appendix** suffix requires cross-referencing the number with an appendix in the back of this manual. (See the Table of Contents.)
- A part number with a **Chart** suffix depends on various body options to accurately replace the part. Customer Service will consult your vehicle body options from your supplied Body Serial Number.

In some cases specific part numbers are replaced by a code.

- **Parts Guide** refers to the *Utilimaster Quick Reference Parts Guide*. (See the More Information section.)
- **BSNR** means the **Body Serial Number is Required**. (See the Utilimaster Body Serial Number section.)
- **DSNR** means the Roll-up **Door Serial Number is Required**. This number is stamped on a metal plate on the interior side of the door.

Our Customer Service Department will gladly help if you need assistance.

## Part Descriptions

Two asterisks (\*\*) in front of the part description indicates that this part number is not currently used in Utilimaster production. These parts may take longer to deliver or may be replaced (superseded) by a different part number.

## Vehicle Identification

Utilimaster builds several body styles. The two addressed in this manual are the Truck Body and Utilivan®. For these vehicles, three body construction options (aluminum sheet and post, FRP, and DuraPlate®) are available on a variety of cutaway or cab chassis. Utilivans are usually mounted on cutaway (“PDV”) chassis, and Truck Bodies are usually mounted on cab chassis. However, a “Utilivan” body can also be mounted on a cab chassis and a “Truck Body” can be mounted on a cutaway chassis.

The majority of the replaceable parts are designed to be interchangeable between construction types (e.g., FRP Truck Body and FRP Utilivan). However, since there are countless options and customer-specific upgrades, some specific parts cannot be interchanged. When communicating with Utilimaster, please specify the body type and construction style as well as the VIN Number, Unit (Body) Serial Number, or Work Order Number. See the sections on pages 9 and 10.

For the Metromaster®, Trademaster®, and Aeromaster® parts manuals, see our award-winning web site [www.utilimaster.com](http://www.utilimaster.com).

LA-10  
Federal Certification Label

LA-20  
Label on the door post

## Vehicle Identification Number (VIN)

The 17-digit chassis **Vehicle Identification Number (VIN)** is the legal identifier for this vehicle and is the number recorded in the license plate registration. The VIN may appear on a small metal plate on the dash on the driver's side. (See Illustration LA-5.) You can read the VIN if you look through the windshield. In vehicles over 10,000 lb. (4,536 kg.) GVWR, the plate may be mounted near the latch on the driver's door post or on the edge of the door. Open the door to see it. The number is also recorded on the Federal Certification Label. (See Illustrations LA-10 and LA-20.)

## Unit (or Body) Serial Number and Federal Certification Label

The 15-digit **Utilimaster Unit (or Body) Serial Number** is recorded on the **Federal Certification Label**. This label is a plastic decal (about 11" long and 2" high) that contains a variety of manufacturing information (including the VIN). This label is found near the hinge, latch, or catch on the door or door post. Open the door to see it. (See Illustration LA-10 and LA-20.)

## Work Order Numbers

A 7-digit **Work Order Number** appears below the Unit Serial Number (without the leading W) on the Federal Certification Label and may also be stamped on the left-hand base rail. This number can be used when the body is no longer mounted on the original chassis. (See Illustrations LA-10 and LA-30.)

Illustration LA-30  
Work Order Number

## Utilivan and Truck Body Differences

Although Utilimaster Utilivans and Truck Bodies have many parts in common, in some areas (e.g., subframe, front wall, rear structure) you will need to know which body model your vehicle has to correctly order parts. The body model can be identified by looking at the subfloor (cargo floor) and its attachment to the sidewall. The floor of a Truck Body is built of structural I-beam crossmembers (visible from underneath) and is attached to the sidewall with **two** fasteners. The Utilivan uses formed-C crossmembers that attach to the sidewall with a **single** fastener. See Illustrations FL-10 and FL-20.

FL-10

*Two Fasteners Attach the Truck Body Sidewall with an I-Beam Crossmember Floor*

FL-20

*One Fastener Attaches the Utilivan Sidewall with an Open C Crossmember Floor*

## Wall Construction Types

This manual documents the three different types of body construction in Utilivans and Truck Bodies. See Illustration FL-30.

- Aluminum (sheet and post) has an aluminum exterior skin joined to steel vertical interior studs with buck rivets. The studs might be covered with an optional interior liner.
- FRP (Fiberglass Reinforced Plastic) has no studs or panel seams and the surface has a little rougher texture than painted metal.
- DuraPlate has seams at the overlapping steel laminate panels, but no studs. The panels might be joined together with rivets or adhesive.

FL-30 Aluminum, DuraPlate, and FRP Construction

# Ordering Parts

## How to Order

To order parts for this vehicle, gather the following information:

- **Model and year of vehicle** (200x-*Customer name*).
- **Chassis VIN or Utilmaster Body Number** (see page 9).
- **Complete shipping address.**
- **Preferred method of shipping.**
- **Complete description of all the necessary parts** (see parts lists).
- **Method of payment.**

*NOTE: Customer Service prefers payment by Visa, MasterCard, Discover, or American Express credit cards. Purchase Orders from customers with established open accounts are also accepted.*

Then contact Utilmaster Customer Service by using one of the following methods:

- **Email** your order to [CustSvc@Utilmaster.com](mailto:CustSvc@Utilmaster.com). (See the Customizable Parts Order Form section.)
- **Fax** your order to **574-862-7637**.
- **Call 800-237-7806** (574-862-3219) and ask for the Parts Department.
- **Mail or express service** your order to the following address:

**Utilmaster Corp.**  
**Attn: Parts Department**  
**65528 State Road 19**  
**P.O. Box 585**  
**Wakarusa, IN 46573-0585**  
**U.S.A.**

*NOTE: When phoning Utilmaster, be aware that our 219 telephone area code changed to 574 in January 2002. The 800 numbers were unaffected.*

## Returns

To return parts for credit, call the Customer Service Department for prior authorization. All returns must be shipped prepaid freight. A restocking fee will be charged to all returns. Special-order parts are not returnable.

## Customizable Parts Order Form

The **Parts Order Form** on the next page can be photocopied from this manual. Then one of the copies can be filled in with the relevant information and faxed or mailed to Utilmaster Customer Service.

You can also download a customizable form template file from the Utilmaster web site [www.utilmaster.com](http://www.utilmaster.com). That template is similar to the form on the next page, but it has a header that you can customize with your name and address. Then, to order parts, you only have to enter the specific information about the vehicle—saving retyping the same address information repeatedly. After completing the form information, the file can be emailed as an attachment. That form can also be used for mailing or faxing.

# Filing Warranty Claims

If a problem on the Utilimaster body is caused by a defect in materials or workmanship during the warranty period, it will be covered by our Limited Warranty. Chassis, engine, tires, and battery failures are covered by the individual manufacturers.

Claims must meet the requirements listed below. Failure to meet these requirements may result in a denied or delayed claim.

## Complete a repair order with the following information:

- **Chassis VIN or Utilimaster Body Serial Number** (see page 9).
- **Year and model of vehicle.**
- **Owner's and/or service facility's name and complete address.**
- **Service center representative's signature** (or name).
- **Date vehicle was repaired.**
- **Mileage at time of failure.**
- **Itemized description of the problem, including complaint, cause of failure** (if known), **and correction** (describe in detail).
- **Service center labor rate and total time of repair.**
- **Total claim amount, including cost of parts** (include Utilimaster P/Ns), **labor, miscellaneous charges, and sales tax** (if applicable).
- **Your claim or repair order number.**  
*NOTE: The claim or repair order number is the number used to match Utilimaster payment with the work done. It will be noted on your payment.*
- **Utilimaster authorization number** (repairs costing over \$150 U.S. or for structural warranty require prior authorization from Utilimaster).

## Other claim requirements:

- Any repairs **over \$150 U.S. or for structural warranty require prior authorization** from Utilimaster, and that number must appear on the repair order. Contact the Warranty Department.

- Any claim that is not **legible and complete** will be returned for completion.
- **All paint claims** require pictures, estimates, and prior authorization.
- **Shipping damage claims** also require pictures, estimates, and prior authorization. The damage must also be noted on the Delivery Acceptance form. This form requires the signature of the carrier driver.
- **Sublet work** must have the sublet repair order attached to the service facility's repair order that is being submitted.
- Claims must be **submitted within 30 days** after the repair is completed.

**The claim can be mailed, faxed, emailed, or performed on-line on our web site** (assuming all required information is included).

- Warranty claims should be **mailed** to:

**Utilimaster  
Attn: Warranty Department  
65528 State Road 19  
P.O. Box 585  
Wakarusa, IN 46573-0585  
U.S.A.**

- Alternately, you can **fax** your claim (if no photographs are involved) with the above information to **574-862-7637**. (The resolution of the received copies must be acceptable, or you will be asked to mail your hard copies.)
- Or you can **email** your claim with the above information to **[Warranty@Utilimaster.com](mailto:Warranty@Utilimaster.com)**. (You can download a customizable **Warranty Claim Form template** from the Utilimaster web site **[www.utilimaster.com](http://www.utilimaster.com)**. The template has a header that you can customize with your name and address. Then, to file a claim, you only have to enter the specific information about the vehicle—saving retyping the same address information repeatedly. After completing the form information, the file can be emailed as an attachment. This form can also be used for mailing or faxing.)

Claims are paid semimonthly. Utilimaster generally does not pay sales tax on claims. If you do not have our tax exemption number on file, please call 800-582-3454 or 574-862-4561 and ask for the accounting department to obtain the number.

Before returning any parts, contact a Utilimaster Warranty representative.

*NOTE: When phoning Utilimaster, be aware that our 219 telephone area code changed to 574 in January 2002. The 800 numbers were unaffected.*

**CAUTION:** Utilimaster vehicles are built to designed specifications. Improper use or overloading can cause damage to the equipment and void the warranty.

**WARNING:** Unauthorized alteration or improper maintenance or repair can result in possible dangerous driving conditions.

## Reporting Safety Defects

### United States Only

If you believe that your vehicle has a defect that could cause a crash, injury, or death, you should immediately inform the National Highway Traffic Safety Administration (NHTSA), in addition to notifying Utilimaster.

If NHTSA receives similar complaints, it may open an investigation, and if it finds that a safety defect exists in a group of vehicles, it may order a recall and remedy campaign. However, NHTSA cannot become involved in individual problems between you, your dealer, or Utilimaster.

To contact NHTSA, you may either call the Auto Safety Hotline toll-free at **800-424-9393** (or **202-366-0123** in the Washington, D.C., area) or write to:

**NHTSA  
U.S. Department of Transportation  
400 Seventh Street  
Washington, DC 20590**

You can also obtain other information about motor vehicle safety from the Hotline.

### Canada Only

If you believe that your Canadian-registered vehicle has a defect that could cause a crash, injury, or death, you should immediately inform Transport Canada, in addition to notifying Utilimaster.

To contact Transport Canada, call **800-333-0510** (or **613-993-9851** in the Ottawa region) or write to:

**Transport Canada  
Motor Vehicle Defect Investigation  
PO Box 8880  
Ottawa, Ontario, K1G 3J2**

# More Information

## Download Files

Many support documents, including those described here, are downloadable (as Adobe® Acrobat® PDF files) from our award-winning web site at [www.utilimaster.com](http://www.utilimaster.com). Click on the **Technical Manuals** button, to access the download page. To view the files you must have the Adobe Acrobat Reader version 4.0 or higher installed on your computer. Acrobat readers are available free for all leading computer operating systems on the Adobe web site ([www.adobe.com](http://www.adobe.com)).

## Utilimaster Quick Reference Parts Guide

Easily find commonly replaced parts for most Utilimaster vehicles in the *Utilimaster Quick Reference Parts Guide*. This illustrated document includes more part numbers for bumpers, door hardware, electrical components, mirrors, vents, mud flaps, windows, roll-up door parts, and many other parts. It also includes sealants and repair kits.

## Utilimaster Glossary of Terms

If you are not familiar with some of the terminology used in this manual, you can find many Utilimaster and industry associated terms and definitions in the *Utilimaster Glossary of Terms—Body Information Guide*.

## Utilimaster Body Service Manual

Find routine maintenance procedures, flat rates, wiring diagrams, troubleshooting, proper adjustment methods, vehicle repair, aftermarket upgrades, and much more in Utilimaster's *Truck Body and PDV—Body Service Manual*.

## 02805529—DuraPlate Panels

### APPENDIX 02805529 DURAPLATE PANELS

| Core Width  | Part Number     | 6 MM DuraPlate Wall Panels BLANKS             |
|-------------|-----------------|-----------------------------------------------|
| 8" Wide     | 02805534-Height | DURAPLATE 6MM x 8" PANEL NO HOLES             |
| 20" Wide    | 02805533-Height | DURAPLATE 6MM x 20" PANEL NO HOLES            |
| 24" Wide    | 02805532-Height | DURAPLATE 6MM x 24" PANEL NO HOLES            |
| 32" Wide    | 02805531-Height | DURAPLATE 6MM x 32" PANEL NO HOLES            |
| 42.81" Wide | 02805536-Height | DURAPLATE 6MM x 42.81" PANEL NO HOLES (FRONT) |
| 44" Wide    | 02805530-Height | DURAPLATE 6MM x 44" PANEL NO HOLES            |
| 45.81" Wide | 02805535-Height | DURAPLATE 6MM x 45.81" PANEL NO HOLES (FRONT) |
| 48" Wide    | 02805529-Height | DURAPLATE 6MM x 48 PANEL NO HOLES             |

| Core Width  | Part Number     | 6MM DuraPlate Front Wall Panels for Aerocaps |
|-------------|-----------------|----------------------------------------------|
| 42.81" Wide | 02805537-Height | DURAPLATE 6MM AEROCAP FRT NO HOLES           |
| 42.81" Wide | 02805413-Height | DURAPLATE 6MM 42.81" AERO FRONT CHART        |

| Core Width  | Part Number     | 6MM DuraPlate Wall Panels with Pre-punched Holes |
|-------------|-----------------|--------------------------------------------------|
| 8" Wide     | 02805394-Height | DURAPLATE 6MM WHITE 8" FINISH CHART              |
| 20" Wide    | 02805395-Height | DURAPLATE 6MM WHITE 20" FINISH CHART             |
| 24" Wide    | 02805399-Height | DURAPLATE 6MM WHITE 24" FINISH CHART             |
| 32" Wide    | 02805393-Height | DURAPLATE 6MM WHITE 32" FINISH CHART             |
| 42.81" Wide | 02805397-Height | DURAPLATE 6MM WHITE 42.81" FINISH CHART          |
| 44" Wide    | 02805396-Height | DURAPLATE 6MM WHITE 44" FINISH CHART             |
| 45.81" Wide | 02805398-Height | DURAPLATE 6MM WHITE 45.81" FINISH CHART          |
| 48" Wide    | 02805379-Height | DURAPLATE 6MM WHITE 48" FINISH CHART             |

## 06402141—Roof Metal

| APPENDIX 06402141: ROOF METAL |                    |                                   |
|-------------------------------|--------------------|-----------------------------------|
| Part Number                   | Replacement Number | Description                       |
| 06402141                      | 06402104-Length    | ALUM .032 x 90W x 10' ROOF METAL  |
| 06402143                      | 06402104-Length    | ALUM .032 x 90W x 12' ROOF METAL  |
| 06402145                      | 06402104-Length    | ALUM .032 x 90W x 14' ROOF METAL  |
| 06402147                      | 06402104-Length    | ALUM .032 x 90W x 16' ROOF METAL  |
| 06402149                      | 06402104-Length    | ALUM .032 x 90W x 18' ROOF METAL  |
| 06402151                      | 06402104-Length    | ALUM .032 x 90W x 20' ROOF METAL  |
| 06402153                      | 06402104-Length    | ALUM .032 x 90W x 22' ROOF METAL  |
| 06402155                      | 06402104-Length    | ALUM .032 x 90W x 24' ROOF METAL  |
| 06402157                      | 06402104-Length    | ALUM .032 x 90W x 26' ROOF METAL  |
| 06402159                      | 06402104-Length    | ALUM .032 x 90W x 28' ROOF METAL  |
|                               |                    |                                   |
| 06402121                      | 06402104-Length    | ALUM .032 x 96W x 10' ROOF METAL  |
| 06402122                      | 06402104-Length    | ALUM .032 x 96W x 12' ROOF METAL  |
| 06402123                      | 06402104-Length    | ALUM .032 x 96W x 14' ROOF METAL  |
| 06402124                      | 06402104-Length    | ALUM .032 x 96W x 16' ROOF METAL  |
| 06402125                      | 06402104-Length    | ALUM .032 x 96W x 18' ROOF METAL  |
| 06402126                      | 06402104-Length    | ALUM .032 x 96W x 20' ROOF METAL  |
| 06402120                      | 06402104-Length    | ALUM .032 x 96W x 22' ROOF METAL  |
| 06402127                      | 06402104-Length    | ALUM .032 x 96W x 24' ROOF METAL  |
| 06402128                      | 06402104-Length    | ALUM .032 x 96W x 26' ROOF METAL  |
| 06402129                      | 06402104-Length    | ALUM .032 x 96W x 28' ROOF METAL  |
