

Utilivan

Just right for any route.

Utilimaster Utilivan truck bodies are trusted by leading delivery and service companies for good reason. Built on a cutaway chassis, this medium-duty commercial vehicle is easy to handle in urban and suburban environments and offers better fuel economy than larger trucks. With generous storage and a range of intuitive accessories, you can right size Utilivan for your business.

Reliability, delivered.

Utilivan truck bodies offer the versatility and durability you need to deliver excellence at every stop – and the responsive Utilimaster support team to help you get there. We're ready to partner and build the solution that's right for you.

Key Features

Utiliplat® construction panels
for lighter, more durable truck bodies.

Anti-rust rear structure
in galvanized steel resists rust, scrapes, and gouges.

Extruded aluminum top & bottom rails
provide a convenient, steady grip and are lighter and more rust-resistant than steel.

Swing or roll-up rear door configurations
support highly efficient, frequent stops and maximize cargo space and access.

Foldable shelves
fit for optimizing storage space and workflow.
