

FACTORY SERVICE

## OEM-CERTIFIED SERVICE TO KEEP YOUR FLEET ON THE ROAD.

### Expertise:

When you bring your Utilimaster delivery or specialty service vehicle into a Spartan Factory Service Center, you can be certain of two things: quality service and certified OEM parts. Spartan Motors, the parent company of the Utilimaster brand, ensures its factory service technicians are trained on the latest technologies, assembly protocols, and chassis provisions for vehicles in Classes 1-8, in the best place to learn—at the factory. We specialize in the maintenance and repair of Utilimaster vehicles, as well as other makes of truck bodies, cargo vans, and walk-in vans. No matter the vehicle or the badge, we're the most qualified to service your fleet vehicles the right way, the first time.

### Convenience:

With two convenient locations, Spartan Factory Service Centers are easy to get to, and feature over a dozen OEM-trained and ASE certified technicians, in addition to instant on-site access to authorized parts. We make servicing or repairing your fleet easy and convenient so you can keep your vehicles on the road and keep delivering on your business commitments.

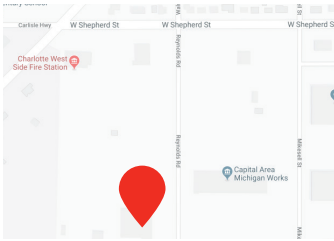

### Full Fleet Refurbishment:

The Utilimaster refurbishment team can rebuild road-worn or damaged vehicles so they're back in action and performing like new, at roughly half the cost of a new vehicle. From cosmetic upgrades, such as new paint and decals, to heavy-lifting jobs, including engine, transmission, or drivetrain repair or full replacements, no job is too big or too small. Trust the Spartan Factory Service team, the Utilimaster truck brand's parent, to fully service your fleet. Our team is ready to revitalize your vehicles, adding 7-10 years of life to any fleet or specialty service vehicle.
