

Work-Driven Design®

**EVERY DETAIL,  
BUILT TO DELIVER.**

### Purpose-built for every route, every load.

The Utilimaster Aeromaster walk-in step van is the industry standard for delivery and service vehicles. Designed to flex to every route and every need with a purpose-built chassis ready to shoulder the heaviest loads. Our walk-in vans offer maximum versatility and interior design capabilities with a highly modular cargo area and multiple door configurations. Every walk-in van is customized with the driver in mind, ensuring productivity and safety for unmatched performance on the road.

### Delivering on your perfect fit.

With more than 50 years building fleets, Utilimaster has the knowledge, experience, and know-how to provide the right upfit for each job. Whether you're delivering packages, groceries, or essential utility services, Utilimaster specs solutions, not just shelves.

**Peace of mind.** Utilimaster builds reliable step vans, backed by an industry leading warranty.

### Key Features

**Wider steps** that enhance driver efficiency and safety.

**Low step height** for driver safety and ease.

**360-degree camera** and other advanced safety features keep drivers and vehicles safe.

**Foldable shelves** fit for optimizing storage space and workflow.
